

Hey all,

This year I took on the Yearbook responsibilities and we are getting things underway! Jostens is already accepting order forms on their website and there is a discount if they order in advance. After talking with Maria, I think the best way to have all students order would be to put the link in your Advisory Google Classroom. Here is the link:

[Vikan Middle School Yearbook Order Link](#)

If you could put that in your Google Classroom for the students, that would be great. We will also have some paper copies in the office if parents request those.

Thanks for helping spread the word!
