

27J Bond Program Update

Exterior framing going up at Quist classroom wing

New furniture put in 8 schools

Left: The first interior walls are up in the classroom wing at Quist Middle School.

Interior framing and drywall are going up at Quist Middle School. The first interior walls were constructed earlier this month, and a concrete stairway was poured in the classroom wing last week.

Administrative offices (above) are under construction and steel beams are going up in the next to last area for steel construction. Walls for both gyms and a locker area have also been constructed.

Students at eight 27J schools returned from break to find new furniture in classrooms. Student chairs and desks, tables and teacher desks were delivered to eight schools in December. This is part of phase two of the 2015 Bond funded furniture initiative.

Schools receiving new furniture in phase two: Thimmig, Pennock, West Ridge, Second Creek, Turnberry; Stuart Middle, Prairie View Middle and Prairie View High School.

Furniture was delivered to schools starting on Dec. 26.

Elementary School No. 13 land dedicated

The City of Brighton officially dedicated the land for Elementary School No. 13 to 27J Schools at a City Council meeting on December 18.

Land for this new elementary school is located in the Brighton Crossings subdivision off Longs Peak Street off 50th Avenue, north of the King Soopers Shopping Center. The school site is 10 acres.

Elementary School No. 13 will be constructed as a prototype building of Reunion Elementary. GH Phipps Construction Company has been selected to build the new school. Inline Management Company will be overseeing the project on behalf of the District. HCM is the architect on the project. Construction begins this spring; and the school is scheduled to open in 2020.
