Life and AD&D Insurance - Employee Only	Varies by employee - 2 X annual base salary @ \$0.136 per \$1,000	\$0.00

> Insurance coverage begins the first of the month following the first day worked in a benefited job position.

> Monthly premiums are due at the end of the month prior to the month of coverage.

Therefore, some new employees may have to pay two month's insurance premiums from their first payroll check if coverage began the first of that month.
